### Agape Communion Service

One of the most special services in our faith is the communion service, and to bring out its true meaning there is no better way than with an evening Agape Service. Different than the ritual service on Sabbath mornings, the Agape service holds special meaning as it is more like the experience of the disciples with Christ, just before his death. It is less formal, and allows for greater reflection on the meaning and symbology behind communion. Plan to participate with your church family on **Friday evening, April 4<sup>th</sup> at 7:00 p.m.** on the church patio.

**Did you know ...** that you can get weekly news from the world church on your computer or MP3 device? It's called Ground 7 News, and it available at the [news.adventist.org](http://news.adventist.org). There are links for RSS or ipod feeds, or you can listen directly from your computer. Currently, Ground 7 news is featuring an interview with nationally known Adventist neurosurgeon Ben Carson, as he talks about issues in his current book *Take the Risk*.

### In Your Prayers

Please keep/add the following church members to your prayer list, and ask for God's guidance and watchful care in their lives at this time:

- Sanchez Family – Tom's father recovering from hip surgery and a heart attack.
- Patty Marruffo & family – Patty's father's health and treatment; and strength for Patty and the family as they care for him and her family.
